

Compact, direct machine-mountable mist collectors designed to collect, filter, and reclaim mist generated from machines using oil-based, synthetic, semi-synthetic, or water-soluble coolants.

- Efficient, compact design handles mist and smoke applications from 100 - 1000 cfm (170 - 1699 m³/h)
- Three stages of filtration for high filtration efficiency and optimum filter life
- Available with high performance in-cover or in-line prefilters for removal of swarf and large chips and in-cover impingers for applications with heavy concentrations of fine mist
- High collection efficiency of 98% on 1.0 µm increasing to 99.97% at 0.3 µm with optional fourth stage HEPA filter
- Direct-mount capability minimizes ductwork
- Recirculation of clean air eliminates the need for costly make-up air
- Provides a cleaner work environment for maximum productivity
- Helps support OSHA Clean Air Standards

E-500

E-300 with HEPA

OPERATIONAL EXPLANATION

- Inexpensive, throwaway filter liners reduce maintenance costs
- Sturdy, compact, 16-gauge steel encasement is tough and solid for harsh industrial environments
- Optional HEPA and carbon filters are available on all models

† Donaldson Torit equipment is designed to IBC guidelines for specific wind speed exposure and seismic spectral acceleration at grade level. Contact your Donaldson Torit representative for detailed information available on the equipment's Spec Control drawings. Equipment may be customized to meet unique, customer-specified site requirements.

Significantly improve the performance of your collector with genuine Donaldson Torit replacement filters and parts.

Important Notice

Many factors beyond the control of Donaldson can affect the use and performance of Donaldson products in a particular application, including the conditions under which the product is used. Since these factors are uniquely within the user's knowledge and control, it is essential the user evaluate the products to determine whether the product is fit for the particular purpose and suitable for the user's application. All products, product specifications, availability and data are subject to change without notice, and may vary by region or country.
