

# iCue™ Connected Filtration Monitoring

## Donaldson iCue Connected Filtration Monitoring optimizes dust and fume collector management.

Have a Donaldson technician proactively monitor your equipment for you, or monitor your own equipment with the easy-to-use iCue Dashboard.

### Monitor Plan

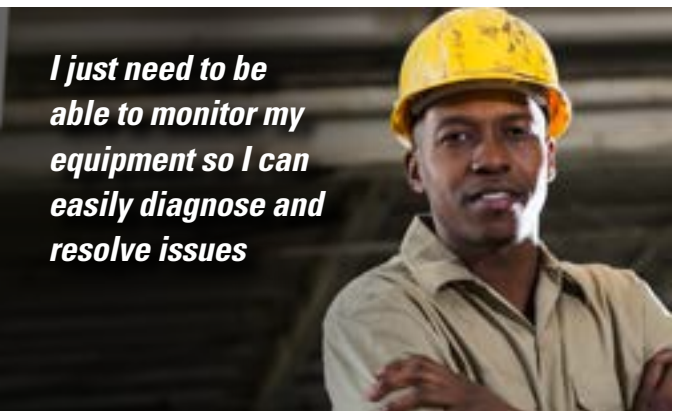

*I need dedicated personnel who can monitor my equipment for me. If there is an issue, I want to know what happened and advice on how to address it.*

Donaldson trained technicians proactively monitor your equipment with our iCue Connected Filtration Service. Notifying you and helping guide you to resolve issues with your equipment when they arise.

- Available on nearly any brand collector
- Remote Technician included

### Connect Plan

*I just need to be able to monitor my equipment so I can easily diagnose and resolve issues*

Allows you to monitor your equipment more efficiently with IoT connectivity. iCue provides you with real-time dust collector data and alerts on an easy-to-use online dashboard.

- Available for nearly any brand collector
